

LOCAL NEWS.

ASSASSINMENT.

To the Editors of the City of Richmond.
In response to the solicitation of friends, I have accepted of a candidate for the office of City Marshal, at the ensuing August election.
D. W. STEWART.

Remember the election takes place next Monday. Be sure to go to the polls and vote.

Mr. W. G. H. Hedy will preach the funeral of the late F. M. Murray, at the Methodist church, Sunday, August 9, at 11 A. M.

The season known as dog days commenced on the 19th of this month, and will last till the 26th day of August, a period of six weeks.

The Clinton Democrat has temporarily suspended. It is understood, though, that it will be revived at an early day under the management of Mr. Armstrong.

The State Board of Equalization has equalized Fulton County tax assessments, as follows: Land, 3 per cent; added, personal property 21 per cent deducted; town lots 3 per cent added.

The State Board of Equalization adjourned last Friday. They doubtless performed their duty to the best of their ability, and are growing in reputation that the law itself ought to be repealed.

Judge Thos. H. Hines is at Chatsworth Springs, Logan county, in very bad health, and the Bowling Green Democrat says he is unable to go to his home, and will not be able to resume his seat upon the Appellate bench.

—Dick Moss, a saloon keeper on the Tennessee river, who had been drinking heavily, was found Wednesday morning in a mud-hole near Allen's brick yard in a dying condition. He was taken home and died in a short time.

—Wheat has been tending lower in all the principal markets this week, and some farmers are beginning to refuse to take present prices, and are holding their crops. Hickman buyers this week paid all the way from 70c to 90c, and are still offering these figures.

The assessed valuation of Fulton county this year is \$90,110, against \$1,545,125 in 1880, an increase of \$14,185 in five years.

—The assessed valuation of Fulton county for the same period was \$13,775, and Graves \$892,553. Who says, in the face of these official figures, that our section is not prospering?

—Superintendent Public Instruction, Peckett, writes Commissioner Saunders, that he cannot tell what the school per capita will be until the Auditor makes his estimate, which has been delayed on account of several of the Sheriff's books not having been sent in and recoupled.

—The Auditor has announced that the 24th instant, this worthy couple having been united on the 24th of July, 1880, a large number of invited guests, amid a shower of congratulations, music and good things to eat, were entertained over memorable for its pleasures and enjoyments.

—Mr. Robert Kirk, who lives near Hickman, had one of his legs broken in three places, Friday last. He was engaged in getting some new logs on a hill near his farm, and a log rolled over him. They had to lig his leg from under the log. Physicians called, and we sincerely grieve over the accident.

—A negro boy by the name of Lawson, was run over by a train on the M. & O. Railroad, near Jordan, this county, Saturday night last. It seems that Lawson and a colored companion were under the influence of liquor, Lawson lying down on the track, and his companion, who was a fellow, lay on the ground, and the train came to his death by violence for the purpose of robbery, and then placed on the track to conceal the crime, but the fact does not justify the suspicion. No Coroner's inquest was held.

—Rev. Ben Deering, of St. Louis, Mo., delivered this prohibition lecture at the Baptist church, this week, to large audiences. He is an earnest and forcible speaker, and held his large audience well interested each night. He agrees his country badly, but with evident fairness as between the two great political parties of our age. Fair minded party men have no cause or war with such men as Rev. Mr. Deering, as we understand his position, but for those who rally to prohibition or any other movement, they are their own masters, and their own responsibility to the Democracy, there is conflict. Tuesday and Wednesday nights, Mr. Deering will be in St. Louis, assisted by Mr. Deering, by reading several appropriate selections, which were electrically well received by the audience. On Wednesday night Mrs. Simpson received quite a number of names for the organization of a branch of the Woman's Christian Temperance Union in Hickman.

Wallace & Co's. Show Coming.

Although only in the second year of its existence, Wallace & Co's. Great World's Wonder and International Circus has achieved a national reputation for presenting one of the best shows ever given under canvas. It has, almost at a bound, come to the front as one of the leading attractions of the country. The performances in the ring are second to none, and the Menagerie, among the best traveling. The show is to exhibit in Hickman, Ky. Wednesday, Aug. 12, 1885.

SCHOOL NEEDS.

The teachers' campaign against ignorance is about to commence, and, as the teacher, if properly equipped, is more likely to succeed than the teacher of chance, success is far better if it is well equipped with necessary supplies. Indeed, agricultural implements are not more essential to the farmer than the teacher's supplies and black-board to the teacher.

The teachers mentioned the black-board as indispensable, and who ignores its use in the school-room, deserves to be ignored by the board of directors. Every school room should be supplied with an abundance for each teacher. To this, Mr. Tomlinson makes objection. Oliver, also, advocates some kind of a law to keep a closer watch on county and state officers to prevent embezzlement, default, etc., etc., whereof, he thinks the people are ignorant. He also favors a law to make insurance companies pay the full amount of their policies, and the company responsible for its agents' valuation, etc. On this point, Mr. Tomlinson agrees.

It is a contract between the company and the person insured, and the terms of the contract should be respected, etc. Both gentlemen, declare themselves opposed to the shipping boys.

Mr. Jacob White, Democratic candidate for State Senator, next week will deliver a lecture on the subject of Democratic speech, and will please his hearers. His opponents, Capt. Allen and Dr. Landrum, were absent, and he didn't discuss in full the points of the constitution, and the new constitution, opposed to the shipping boys, next week will deliver a lecture on the subject of Democratic speech, and will please his hearers. His opponents, Capt. Allen and Dr. Landrum, were absent, and he didn't discuss in full the points of the constitution, and the new constitution, opposed to the shipping boys.

He is a quick ready and entertaining speaker, one of the best in the county, and he made a splendid impression by his speech.

A Walking Schoolroom.

Dr. E. Springer, of Mechanicsville, Pa., writes to the editor of the Richmond Dispatch, that he has been visiting in this county, and has been very much interested in the school system. He has been very much interested in the school system. He has been very much interested in the school system.
